traveling with children

5 mind blowing house cleaning tips

1. Use a little bit of car wax on your
stovetop to prevent future spills and
messes. Plus your stovetop will always
look new!
2. Use baking soda, peroxide and dish soap
to clean your bathroom or kitchen.
3. By using baking soda, white vinegar and
a toothbrush you can get rid of all that
nasty buildup of dirt, and grime in your
window tracks.
4. Use a flat head screwdriver and
disinfecting wipe to clean the crevice
under your toilet's water tank.
5. Fill a sandwich bag with white vinegar
and place your shower head in the
solution overnight. In the morning you
should have a dirt and grime free
shower head.
